

Collier-Laurence Patient Care Mission

Compassion

Our practitioners know how to listen. We strive to understand the emotional journey of our patients to better help them with their physical progress.

Education

Our team of certified practitioners take the necessary time to provide each patient with device training. Their many years of experience is a resource for the patient, care team and family members.

Communication

A patient care team includes Collier practitioners, physicians, therapists and family members. Communication among all is vital for the best outcome of the patient.

Multidisciplinary Team Approach

Our experienced specialists are passionate about addressing patient needs throughout the healing process. Our team works closely with the patient and their care team to provide the best possible outcome.

Extensive Industry Knowledge

Our experience with authorizations can expedite turnaround times so service can be provided to patients more quickly.
